## Mobile Share Value Savings

- If you have a smartphone line on AT&T Next, bought at full price, or out of annual contract your Mobile Share Value access charge is \$25 a month.
- If you just upgraded your smartphone to a 2-yr wireless agreement, this confirms you will not receive the Mobile Share Value discount of \$15 for the line upgraded.
- Unused data from your monthly plan allowance is rounded up to the nearest MB and carries over for one billing period ("Rollover Data"). Monthly plan data is always consumed before Rollover Data.
- Unused Rollover Data automatically expires after 1 billing period, with plan change, or when your group or account is terminated. Rollover Data is not redeemable for cash or credit and is not transferable.
